

Orderville, Utah.

June 12 __ __, 1940.

Mr. T. H. Humpherys, State Engineer,
Salt Lake City, Utah.

Dear Mr. Humpherys:

We, the undersigned, being duly authorized representatives of Glendale, Orderville, and Mt. Carmel Irrigation Companies have met together for the purpose of selecting someone to be recommended to you for your appointment as WATER COMMISSIONER for this the RIO VIRGIN Water District for the season of 1940.

We have decided to recommend Ervin Hoyt __ __ __ __
of Orderville __ __ __ __, Utah, for that office.

We have contacted Mr. Hoyt On this matter and he has agreed to accept the appointment if given. We have discussed this recommendation with as many of the independent water users on the stream as are immediately available but we haven't tried to contact all of them because the three incorporated Companies named above own by far the greater majority of the water rights on this stream and the man they recommend is usually appointed.

Yours very truly,

Glendale Irrigation Co. *Joseph F. Smith*

Orderville Irrigation Co. *Thomas C. Esplin*

Mt. Carmel, Irrigation Co. *Carl J. Love*
